

# **Conference on Joining Plastics**

Lectures of the International Conference  
taking place in Cambridge  
on 19<sup>th</sup> and 20<sup>th</sup> November 2008

Joint Event by  
The Welding Institute (TWI), Cambridge  
Welding & Joining Society (WJS), Cambridge  
German Welding Society (DVS), Düsseldorf

# Table of contents

Preface

## Mass production welding, Part 1 – Laser Welding

I. Jones, A. Brun, J. Lewis, Cambridge/GB, E. Turco, Firenze/I, D. Hänsch, Würselen/D, and T. Scalia, Genova/I

Sealed seams in textiles using laser welding ..... 1

G. McGrath, B. Cawley, R. Klein and K. Rushforth, Zeeland/USA

The use of laser welding to reduce costs and standardise assembly procedures ..... 7

W. Michaeli, E. Haberstroh, W.-M. Hoffmann and R. Lützeler, Aachen/D

Influence of the injection moulding parameters on the laser transmission welding process 13

## Mass production welding, Part 2

T. Woods, Suffolk/GB, and D. Schäfer, Weilburg/D

Non-contact hot air stake assembly ..... 20

M. Rattke and J. Natrop, Neuffen/D

Welding of thermoplastic materials on the basis of convection heating elements with natural gas ..... 26

J. Vetter, W. Strohfuß and S. Fuchs, Dietzenbach/D

Introduction of broad-band, infrared techniques to industrial plastics welding processes .... 33

H. Potente, V. Schöppner, R. Hoffschlag, J. Schnieders and S. Gövert, Paderborn/D

Saving cycle time through forced cooling during heated tool welding ..... 34

## Welding of tanks and pipelines

H. Hesse, Greven/D, J. Grieser, Roetgen/D, and U. Egen, Hessisch-Lichtenau/D

Economic optimisation potential of butt welding of pipes made of advanced polyethylene . 41

T. Frank, Mörfelden-Walldorf/D	
Welding of pipes with large diameters .....	50
W. Langlouis, Würzburg/D	
Defects in welded joints; practical experiences .....	64
R. Shepherd, Cambridge/GB	
Laser surface modification of polypropylene for flowline field joint applications .....	68

## **Design and calculation**

T. Schüer, Haren/D	
Calculation of thermoplastic tanks .....	69
M. Ritz, Nordhorn/D	
PE and PP fully pressure rated large bore fittings, design and practice examples .....	75
M. Hoffmann, S. Paul and M. Stallmann, Kirn/D	
Improved performance of thermoplastic tanks .....	84

## **Joining of high-performance polymers**

A. Lueghamer and M. Haager, Bad Hall/A	
Infrared-welding of fluoropolymers .....	92
S. Mortara, F. Tosi, G. Biressi, K. Argasinski and G. Besana, Bollate/I	
Hot gas welding of fluoropolymers .....	100
C. Keen, Sheffield/GB, S. Andrews and M. Troughton, Cambridge/GB	
Fume from hot gas welding of fluoropolymers .....	106
M. Kwak, T. Colombier and A. Kapadia, Cambridge/GB	
Welding techniques for reinforced thermoplastic composites .....	115

## Testing and qualification

C. Bird and M. Troughton, Cambridge/GB

Non-destructive testing of PE pipe joints ..... 123

J. Hessel, Roetgen/D

Destructive testing of PP and PE pipe joints ..... 131

M. Troughton, Cambridge/GB

Qualification of plastics welders ..... 134

List of authors ..... 140
