# Table of contents

Preface

## Education, Diagnostics and Control Technologies

K. Schulze, Neuberg/DE

Action to address the lack of knowledge of EB technology amongst engineers and others ..... 1

S. Gach, S. Olschok, U. Reisgen, Aachen/DE

Process monitoring in electron beam welding by optimizing the in-process sensor technology by means of backscattered electrons and optical emission ..... 6

Norbert Sieczkiewicz, Lancaster/Cambridge/UK, Colin Ribton, Cambridge/UK, Andrew Kennedy, Lancaster/UK, Yingtao Tian, Lancaster/UK, Darren Williams, Lancaster/Cambridge/UK

Electron beam characterisation using time series imaging and deep learning ..... 12

## Innovations with Electron Beam

M. Muecke, Wöllstadt/DE; D. Kovalchuk, Kyiv/UA

Electron Beam Ion Sources and a novel Electron Beam Source for enhanced Additive Manufacturing..... 21

T. Tóth, J. Hensel, K. Dilger, Braunschweig/DE

Effect of beam oscillation parameters on the weld geometry and dilution in electron beam welding of duplex stainless steels with nickel-based filler wire ..... 27

T. Krichel, S. Gach, T. Evers, A. Senger, S. Olschok, U. Reisgen, Aachen/DE

Pulsed electron beam spot welding of non-oriented electrical steel sheets ..... 34

## Surface Treatment

S. Valkov and P. Petrov, Sofia/BG

Improvement of the surface properties of light metals by electron beam additive technique ..... 40

M. Ormanova, S. Valkov, P. Petrov, Sofia/BG

Influence of the electron beam parameters on the structure and properties of electron beam surface treated Ti-6Al-4V alloy..... 46

## Applications

U. Reisgen, S. Olschok, O. Engels, Aachen/DE; M. Sawannia, M. Jarwitz, Stuttgart/DE Temporally and spatially controlled temperature fields during material processing with the electron beam .....	50
P. Hollmann, M. Michler, A. Buchwalder, Freiberg/DE; R. Zenker, Mittweida/DE Electron Beam Welding (EBW) of Additively Manufactured Alloyed Steels.....	56
T. Pinto, D. Oliver, M. Nunn; Cambridge/UK; E. Warner, G. Jones, P. Wallace; Derby/UK Electron beam welding for the manufacture of safety critical components from hot isostatic pressed low alloy steel.....	64

## Special Materials

A. Senger, T. Evers, T. Krichel, S. Olschok, U. Reisgen Aachen/DE; T. Jokisch, Berlin/DE Electron beam welding of the conventionally casted and directionally solidified superalloy Alloy-247 LC.....	73
T. Jokisch, Berlin/DE; N. Doynov, R. Ossenbrink, V. Michailov, Cottbus/DE; B. Böttger, A. Senger, Aachen/DE Analysis of temperature field during electron beam welding of hot crack sensitive nickel base alloy.....	81
H. Kendziora Electron beam brazing of fusion reactor heat sinks .....	88

## Electron Beam Additive Manufacturing

Baufeld B., Schönfelder S., Löwer T., Gilching/DE Wire Electron Beam Additive Manufacturing at pro-beam.....	93
