

## DVS Technical Codes and Bulletins

DVS 1904-1	(2010-02)	Adhesive bonding of plastics in domestic installation – Requirements on plants and personnel .....	1
DVS 1904-2	(2010-02)	Adhesive bonding of plastics in domestic installation – Pipes and fittings – Adhesive bonding operation – Findings on adhesive-bonded joints .....	2
DVS 2200-1 Supplement 1	(2013-11)	Joining of plastics – Code letters and abbreviations – Welding processes .....	5
DVS 2201-1	(2023-02)	Testing semi-finished thermoplastic products Basic principles – Notes .....	9
DVS 2201-1 Supplement 1	(2023-02)	Testing of semi-finished products made of thermoplastics; Basics – indications Material and abbreviation .....	19
DVS 2201-1 Supplement 2	(2023-02)	Testing of semi-finished products made of thermoplastics; Basics – indications Directives for creep rupture curves of pipes .....	21
DVS 2201-1 Supplement 3	(2023-02)	Testing of semi-finished products made of thermoplastics; Basics – indications Linear thermal expansion coefficients .....	23
DVS 2201-1 Supplement 4	(2023-02)	Testing of semi-finished products made of thermoplastics; Basics – indications Dimension stability of semi-finished material after heating .....	25
DVS 2201-1 Supplement 5	(2023-02)	Service life temperature time limits due to thermal ageing .....	27
DVS 2202	(2016-08)*	Evaluation of joints between thermoplastics on piping parts and panels – characteristics, description, evaluation .....	29
DVS 2202 Supplement 1	(2014-11)	Evaluation of imperfections in joints of thermoplastic materials to piping parts and panels – heated plate welding (HS, IR) .....	37
DVS 2202 Supplement 2	(2012-11)	Assessment of joints made of thermoplastics on piping parts and panels - Sleeve welding with an incorporated heating element .....	42

DVS 2202 Supplement 3	(2012-11)	Assessment of defects in joints between thermoplastics on piping parts and panels – Heated tool sleeve welding (HD) .....	51
DVS 2202 Supplement 4	(2016-08)*	Assessment of defects in joints between thermoplastics on piping parts and panels – Hot-gas welding with torch separate from filler rod, high-speed hot-gas welding (WF/WZ) .....	55
DVS 2202 Supplement 5	(2016-08)*	Assessment of defects in joints between thermoplastics on piping parts and panels – Hot-gas extrusion welding (WE) .....	63
DVS 2202 Supplement 6	(2017-04)*	Evaluation of joints made from thermoplastic materials in pipeline components and panels Adhesive bonding of ABS/PVC-U/PVC-C .....	71
DVS 2203-1	(2003-01)	Testing of welded joints of thermoplastic sheets and pipes – Test methods – Requirements .....	78
DVS 2203-1 Supplement 1	(2010-08)	Testing of welded joints between panels and pipes made of thermoplastics – Requirements in the tensile test – Short-time tensile welding factor fz .....	80
DVS 2203-1 Supplement 2	(2014-05)	Testing of welded joints between panels and pipes made of thermoplastics – Requirements in the tensile creep test – Tensile creep welding factor fs .....	81
DVS 2203-1 Supplement 3	(2012-06)	Testing of welded joints between panels and pipes made of thermoplastics – Requirements in the technological bending test – Bending angle / bending path .....	82
DVS 2203-1 Supplement 4	(2008-11)*	Testing of welded joints between panels and pipes made of thermoplastics – Requirements on shear and peeling tests for sleeve welding with an incorporated electric heating element (HM) and heated tool sleeve welding (HD) on pipes and fittings .....	93
DVS 2203-2	(2010-08)	Testing of welded joints between panels and pipes made of thermoplastics – Tensile test .....	96
DVS 2203-2 Supplement 1	(2010-08)	Testing of welded joints between panels and pipes made of thermoplastics – Low-temperature tensile test .....	99

DVS 2203-3	(2011-04)	Testing of welded joints between panels and pipes made of thermoplastics – Tensile impact test .....	101
DVS 2203-4	(2021-12)	Testing of welded joints of thermoplastics plates and tubes – Tensile creep test .....	103
DVS 2203-4 Supplement 1	(2001-12)	Testing of welded joints of thermoplastic sheets and pipes – Tensile creep test – Testing of socket joints .....	113
DVS 2203-4 Supplement 2	(2016-09)*	Testing of welded joints of thermoplastic panels and pipes – Tensile creep test for resistance to slow crack growth in the full notch creep test (FNCT) .....	115
DVS 2203-4 Supplement 3	(2015-03)*	Testing of welded joints in thermoplastic panels and pipes - Tensile creep test - Checking the required tensile creep test weld strength reduction factor and the minimum service life of polyethylene welded joints (PE 80 and PE 100) .....	119
DVS 2203-4 Supplement 4	(2016-09)*	Testing of welded joints of thermoplastic panels and pipes – Tensile creep test for resistance to slow crack growth in the two notch creep test (2NCT) .....	139
DVS 2203-5	(1999-08)	Testing of welded joints of thermoplastics plates and tubes – Technological bend test .....	144
DVS 2203-6	(2008-01)*	Testing of joints between polymeric materials – Shear and peeling tests .....	147
DVS 2203-6 Supplement 1	(2016-08)*	Testing of joints between polymeric materials – Torsion shear test, radial peel test and linear shear test for sleeve welding with incorporated electric heating element and heated tool sleeve welded joints .....	149
DVS 2203-6 Supplement 2	(2008-01)	Testing of joints between polymeric materials – Testing of adhesive-bonded joints in the shear and peeling tests .....	159
DVS 2204-1	(2011-01)	Adhesive bonding of thermoplastics .....	162

DVS 2204-3	(2016-03)*	Adhesive bonding of thermoplastic pipes and pipe components – Acrylonitrile butadiene styrene (ABS) .....	173
DVS 2204-4	(2011-12)	Adhesive bonding of pipes and piping parts made of thermoplastics – Polyvinyl chloride (PVC-U) .....	183
DVS 2204-5	(2013-03)	Adhesive bonding of pipes and fittings made of thermo-plastics – Chlorinated polyvinyl chloride (PVC-C) .....	188
DVS 2205-1	(2021-12)	Calculation of tanks and apparatus made of thermoplastics - Characteristic values .....	193
DVS 2205-1 Supplement 1	(2021-12)	Calculation of tanks and apparatus made of thermoplastics – Characteristic values .....	207
DVS 2205-1 Supplement 2	(2013-09)	Calculation of tanks and apparatus made of thermo-plastics – values of the polypropylene material group .....	221
DVS 2205-1 Supplement 3	(2013-09)	Calculation of tanks and apparatus made of thermo-plastics – Characteristic values of the polyvinyl chloride material group .....	234
DVS 2205-1 Supplement 4	(2013-09)	Calculation of tanks and apparatus made of thermo-plastics – Characteristic values of the fluoropolymer material group .....	242
DVS 2205-1 Supplement 5	(2013-09)	Calculation of tanks and apparatus made of thermo-plastics – Reduction coefficients in the case of a media influence .....	261
DVS 2205-1 Supplement 6	(2013-02)	Calculation of tanks and apparatus made of thermo-plastics – Welding factors .....	271
DVS 2205-1 Supplement 7	(2013-02)	Calculation of tanks and apparatus made of thermo-plastics – Application examples .....	272
DVS 2205-1 Supplement 8	(2022-07) Draft	Calculation of tanks and apparatus made of thermoplastics – characteristic values for the material group Unplasticized polyamide .....	275
DVS 2205-2	(2021-12)	Calculation of tanks and apparatus made of thermoplastics – Vertical round, nonpressurised tanks .....	293

DVS 2205-2 Supplement 2	(2021-12)	Calculation of tanks and apparatus made of thermoplastics – Vertical round, nonpressurised tanks – Tray collectors .....	335
DVS 2205-2 Supplement 3	(2015-12)*	Calculation of tanks and apparatus made of thermoplastics – Vertical round, nonpressurised tanks – Flat roofs .....	356
DVS 2205-2 Supplement 4	(2021-12)	Calculation of tanks and apparatus made of thermoplastics – Vertical round, nonpressurised tanks – Flat base tanks in earthquake zones .....	367
DVS 2205-2 Supplement 5	(2021-12)	Calculation of tanks and apparatus made of thermoplastics – Vertical, round nonpressurised tanks – Tanks with supporting frames in earthquake zones .....	407
DVS 2205-2 Supplement 6	(2015-12)*	Calculation of tanks and apparatus made of thermoplastics – Vertical round, nonpressurised tanks – Shell construction .....	427
DVS 2205-2 Supplement 7	(2021-12)	Calculation of tanks and apparatus made of thermoplastics – Vertical round, nonpressurised tanks – Ring-supported conical base .....	433
DVS 2205-2 Supplement 8	(2015-12)*	Calculation of tanks and apparatus made of thermoplastics – Vertical round, nonpressurised tanks – Example for ring-supported conical base .....	450
DVS 2205-2 Supplement 9	(2021-12)	Calculation of tanks and apparatus made of thermoplastics – Vertical round, nonpressurised tanks – parallel-supported sloping base .....	458
DVS 2205-2 Supplement 10	(2015-12)*	Calculation of tanks and apparatus made of thermoplastics – Vertical round, nonpressurised tanks – Example for parallel-supported sloping base .....	479
DVS 2205-2 Supplement 11	(2021-12)	Calculation of tanks and apparatus made of thermoplastics – Vertical round, nonpressurised tanks – tanks without tilt securement in earthquake area .....	488
DVS 2205-4	(2020-01)	Calculation of tanks and apparatus made of thermoplastics - flange connections .....	500

DVS 2205-4 Supplement	(1996-11)	Calculation of thermoplastic tanks and apparatus – Welded flanges, welded collars – Constructive details ...	514
DVS 2206	(2016-08)*	Non-destructive tests on tanks, apparatus and piping made of thermoplastics – Dimensional checking and visual inspection .....	517
DVS 2206-1	(2011-09)	Non-destructive tests on tanks, apparatus and piping made of thermoplastics – Dimensional checking and visual inspection .....	521
DVS 2206-2	(2015-09)*	Non-destructive testing on pressureless tanks and apparatus made of thermoplastic – Leak test .....	524
DVS 2206-4	(2011-09)	Non-destructive tests on tanks, apparatus and piping made of thermoplastics – Testing with electrical high voltage .....	529
DVS 2206-5	(2011-08)	Non-destructive tests on piping made of thermoplastics – Angle measurement on welded joints executed by means of sleeve welding with an incorporated heating element (HM) and heated tool sleeve welding (HD) .....	531
DVS 2207-1	(2016-12)*	Welding of thermoplastics – Heated element welding of pipes, piping parts and panels made out of polyethylene .....	533
DVS 2207-1 Supplement 1	(2005-12)*	Welding of thermoplastics – Heated tool welding of pipes made of PE-Xa with pipeline components made of PE-HD .....	560
DVS 2207-1 Supplement 2	(2013-08)	Heated tool butt welding of pipes and piping parts with high wall thicknesses or diameters made of PE .....	565
DVS 2207-3	(2019-12)	Welding thermoplastic materials Hot-gas string-bead welding, hot-gas welding with torch separate from filler rod pipes, pipe components and sheets Procedures, requirements .....	567
DVS 2207-3 Supplement 1	(2019-12)	Welding thermoplastic materials Hot-gas string-bead welding, hot-gas welding with torch separate from filler rod pipes, pipe components and sheets Welding parameters .....	586

DVS 2207-3 Supplement 2	(2019-12)	Welding thermoplastic materials Hot-gas string-bead welding Requirements for the welding equipment and accessories .....	588
DVS 2207-3 Supplement 3	(2019-12)	Welding thermoplastic materials Hot-gas string-bead welding, hot-gas welding with torch separate from filler rod – Welding of fluoroplastics .....	594
DVS 2207-4	(2019-12)	Welding thermoplastic materials Extrusion welding of pipes, piping parts, fittings and panels – Procedures, requirements .....	607
DVS 2207-4 Supplement 1	(2019-12)	Welding thermoplastic materials Extrusion welding of pipes, piping parts, fittings and panels – Welding parameters .....	629
DVS 2207-4 Supplement 2	(2019-12)	Welding thermoplastic materials Extrusion welding of pipes, piping parts, fittings and panels – Requirements for the welding machines and welding equipment .....	631
DVS 2207-4 Supplement 3	(2019-12)	Welding thermoplastic materials Hot-gas extrusion welding of pipes, piping parts, fittings and panels – Welding of fluoroplastics .....	637
DVS 2207-5	(2017-02)*	Welding thermoplastic materials Welding PE casing pipes – Pipes and piping parts – .....	648
DVS 2207-5 Supplement 1	(2017-02)*	Welding thermoplastic materials Welding PE casing pipes – Plug welding on PE casing pipes – ....	664
DVS 2207-5 Supplement 2	(2017-02)*	Welding thermoplastic materials – Testing and assessing welded joints in PE casing pipes .....	676
DVS 2207-6	(2003-09)	Welding of thermoplastics – Non-contact heated tool butt welding of pipes, pipeline components and sheets – Methods, equipment, parameters .....	685
DVS 2207-11	(2020-05)	Welding thermoplastic materials Heated element welding of pipes, piping parts and panels made of PP .....	693
DVS 2207-12	(2006-12)*	Welding of thermoplastics – Heated tool welding of pipes, piping parts and panels made of PVC-U .....	716

DVS 2207-13	(2012-11)	Welding of thermoplastics – Heated tool welding of pipes, piping parts and panels made of PVC-C .....	723
DVS 2207-14	(2009-04)	Welding of thermoplastics – Welding by bending using a heated tool for panels made of PP and PE .....	730
DVS 2207-15	(2005-12)*	Welding of thermoplastics – Heated tool welding of pipes, piping parts and panels made of PVDF .....	735
DVS 2207-16	(2010-07)	Welding of thermoplastics – Heated tool welding of pipes and piping parts made of Polyamide 12 .....	745
DVS 2208-1	(2019-09)	Welding of thermoplastics Machines and equipment for the heated tool welding of pipes, pipeline components and panels .....	753
DVS 2208-1 Supplement 1	(2012-02)	Welding of thermoplastics – Tools and devices for the heated tool welding of pipes and piping parts .....	773
DVS 2210-1	(1997-04)	Industrial Pipelines Made of Thermoplastics – Planning and Execution, Above-Ground Pipe Systems .....	775
DVS 2210-1 Supplement 1	(2003-04)	Industrial piping made of thermoplastics – Design and execution, Above-ground pipe systems – Calculation example .....	809
DVS 2210-1 Supplement 2	(2004-07)	Industrial piping made of thermoplastics – Design and execution, Above-ground pipe systems – Recommendations for the internal pressure and leak tests .....	818
DVS 2210-1 Supplement 3	(2006-05)	Industrial piping made of thermoplastics – Design and execution, Above-ground pipe systems – Flanged joints: Description, requirements and assembly .....	829
DVS 2210-2	(2007-10)	Industrial piping made of thermoplastics – Design, structure and installation of two-pipe systems .....	836
DVS 2210-3	(2014-11)	Industrial pipelines made of thermoplastics – Planning and installation – Underground pipe systems .....	862
DVS 2211	(2021-05)	Welding of thermoplastics Welding fillers, Marking, requirements and tests .....	878

DVS 2212-1	(2015-12)*	Qualification testing of plastics welders Qualification Test Groups I and II .....	886
DVS 2212-1 Supplement 1	(2018-03)	Qualification testing of plastics welders Qualification Test Groups I and II Planned monitoring of the certified plastics welders according to DVS 2212-1 .....	906
DVS 2212-1 Supplement 3	(2021-07)	Plastic welding test for PFA and FEP high-speed hot gas welding .....	910
DVS 2212-3	(1994-10)	Testing of plastics welders – Examination Group III – Lining membranes in geotechnical and hydraulic engineering .....	916
DVS 2212-4	(2021-07)	Qualification testing of plastics welders; welding of PE casing pipes – Pipes and piping parts .....	932
DVS 2213	(2010-12)	Specialist for plastics welding.....	950
DVS 2213 Supplement 1	(2010-12)	Qualification testing regulations for the qualification test to become a specialist for plastics welding .....	952
DVS 2215-1	(2010-09)	Heated tool welding of mouldings made of thermoplastics in series fabrication .....	954
DVS 2215-2	(1996-11)	Hot plate welding of mouldings made of polyolefins (PE, PP) in volume production .....	965
DVS 2215-3	(1999-04)	Hot plate welding of mouldings made from amorphous thermoplastics in volume production .....	977
DVS 2215-3 Supplement 1	(1999-04)	Hot plate welding of mouldings made from amorphous thermoplastics in volume production – Welding parameters for amorphous thermoplastics and blends .....	984
DVS 2216-1	(2018-01)*	Ultrasonic joining of moulded components and semi-finished products of thermoplastic materials in large-scale production – process description, machines and equipment, variables, design, quality assurance .....	991
DVS 2216-1 Supplement 1	(2019-12)	DVS test specimens with an energy director for the ultrasonic welding of thermoplastics and testing conditions .....	1031

DVS 2216-2	(2012-07)	Guide to the project sequence for the joining of thermoplastics in series fabrication .....	1041
DVS 2216-3	(2017-09)*	Ultrasonic joining of moulded components and semi-finished products of thermoplastic materials in large-scale production – Riveting and beading by shaping with ultrasound .....	1047
DVS 2216-3 Supplement 1	(2018-01)*	Rivet test piece with adjustable rivet pin geometry for ultrasonic riveting of thermoplastics and test conditions .....	1057
DVS 2216-4	(2020-01)	Ultrasonic Joining of Moulded Parts and Semi-Finished Parts of Thermoplastic Polymers in Mass Production Embedding or insertion of inserts with ultrasound ....	1063
DVS 2216-5	(2018-01)*	Ultrasonic joining of moulded components made from thermoplastics in series production – sonotrode ultrasonic tool .....	1072
DVS 2216-6	(2013-12)	Ultrasonic joining of mouldings and semi-finished products made of amorphous thermoplastics in series fabrication .....	1088
DVS 2216-7	(2022-10)	Ultrasonic joining of moulded parts and semifinished products of thermoplastic polymers in large-scale production – Ultrasonic tool/fixture/anvil .....	1100
DVS 2217	(2018-05)	Vibration welding of plastic – Complex snap-fit systems .....	1131
DVS 2217-1	(1999-03)	Vibration welding of mouldings and semi-finished products made of thermoplastic polymers in series production .....	1159
DVS 2217-2	(2002-12)	Vibration welding of mouldings and semi-finished products made of thermoplastic polymers in series production: Mouldings made of polyamides .....	1168
DVS 2218-1	(2010-06)	Welding of thermoplastics in series fabrication – Rotational friction welding – Installations, procedures and characteristics .....	1172
DVS 2218-2	(2003-04)*	Welding of thermoplastics in series fabrication – Rotational friction welding of mouldings made of polyolefins (PE and PP) .....	1177

DVS 2218-3	(2006-04)*	Welding of thermoplastics in series fabrication – Rotational friction welding of mouldings and semi-finished products made of polyamides (PAs) .....	1184
DVS 2219-1	(2005-04)*	High-frequency joining of thermoplastics in series fabrication .....	1189
DVS 2219-2	(2005-04)*	Thermocontact welding of thermoplastic films (polyolefins) .....	1195
DVS 2220	(2011-05)	Qualification testing of plastics laminators and adhesive bonders – Laminates as well as laminate and adhesive-bonded joints between GFRPs (UP-GF and EP-GF) .....	1201
DVS 2220 Supplement 1	(2011-05)	Qualification testing of plastics laminators and adhesive bonders – Fabrication of Test Piece I.1/II.1 – Joint for a pipe nozzle in a panel .....	1208
DVS 2220 Supplement 2	(2011-05)	Qualification testing of plastics laminators and adhesive bonders – Fabrication of Test Piece II.2 – Building up a new laminate .....	1210
DVS 2221	(2018-03)	Qualification testing of plastics adhesive bonders Pipe joints between PVC-U, PVC-C and ABS with solvent-based adhesives .....	1212
DVS 2225-1	(2019-10)	Welding of lining membranes of polymer materials in geotechnical and hydraulic engineering .....	1225
DVS 2225-2	(2019-02)	Joining of Lining Membranes Made of Polymer Materials – Site Testing .....	1237
DVS 2225-3	(2019-10)	Welding of lining membranes made of polyethylene (PE) for the protection of groundwater .....	1255
DVS 2225-4	(2019-10)	Welding of lining membranes made of polyethylene (PE) for the sealing of landfill and contaminated sites .....	1269
DVS 2225-5	(2019-09)	Welding of lining membranes made of thermoplastics for tunnel construction .....	1287

DVS 2225-6	(2019-02)	Joining of Lining Membranes Made of Polymer Materials – Site Testing Requirements for welding machines and devices .....	1302
DVS 2226-1	(2000-09)	Testing of fused joints on liners of polymer materials – Testing procedure, requirements .....	1317
DVS 2226-2	(1997-07)	Testing of fused joints on liners of polymer materials – Lap shear test .....	1319
DVS 2226-3	(1997-07)	Test of fusions on PE liners – Peeling test .....	1321
DVS 2226-4	(2000-11)	Testing of fused joints on liners of polymer materials – Tensile creep test on PE .....	1323
DVS 2227-1	(2004-08)*	Welding of semi-finished products made of high-density polyethylene (PE-HD) for the sealing of concrete structures in the field of ground water protection and for corrosion protection .....	1327
DVS 2230-1	(2003-07)	Welding of plastic series parts – Quality assurance and testing .....	1347
DVS 2231	(2008-12)*	Above-ground tanks, apparatus and piping made of thermoplastics – Guide to quality assurance .....	1367
DVS 2240-1	(2005-05)*	Thread inserts for the joining of mouldings made of plastics .....	1370
DVS 2241-1	(2018-06)*	Self-tapping screw connection of components made from thermoplastics .....	1377
DVS 2241-1 Supplement 1	(2007-10)*	Examples – Direct screwing of mouldings made of plastics and additional elements for thin-walled components .....	1396
DVS 2242-1	(2011-04)	Mechanical joining of plastic components – Snap joints .....	1403
DVS 2242-1 Supplement 1	(2011-04)	Mechanical joining of plastic components – Snap joints – Examples .....	1411
DVS 2242-1 Supplement 2	(2018-05)*	Mechanical joining of moulded and semi-finished components made of thermoplastics in series production .....	1417

DVS 2250	(2021-09)	Planning and setting up DVS educational establishments – joining of plastics .....	1425
DVS 2280	(2021-09)	DVS foundation course about the processing of semi-finished products made of thermoplastics .....	1440
DVS 2281	(2021-09)	DVS course for plastics welders in the welding processes: heated tool butt welding, heated tool sleeve welding, sleeve welding with an incorporated heating element, hot gas fan welding, hot gas string-bead welding in Qualification Test Group I .....	1445
DVS 2282	(2021-09)	DVS course for plastics welders in the welding processes hot-gas extrusion welding in Qualification Test Group II .....	1450
DVS 2283	(2009-11)	DVS® course for plastics welders in Qualification Test Group III .....	1455
DVS 2284	(2004-09)	DVS® course for plastics welders – PE shell pipes; Preparation for the welder qualification test according to the DVS® 2212-4 guideline .....	1457
DVS 2290	(2012-04)	DVS® course for plastics laminators and adhesive bonders .....	1459
DVS 2291	(2010-12)	DVS® course for plastics adhesive bonders for pipe joints between PVC-U, PVC-C and ABS with solvent-based adhesives .....	1461

The dates indicate are the publication dates of the German editions.

\* Publication date of the English edition differs from the German edition.
