

DVS Technical Codes an Bulletins

DVS 1904-1	(2010-02)	Adhesive bonding of plastics in domestic installation – Requirements on plants and personnel	1
DVS 1904-2	(2010-02)	Adhesive bonding of plastics in domestic installation – Pipes and fittings – Adhesive bonding operation – Findings on adhesive-bonded joints	2
DVS 2200-1 Supplement 1	(2013-11)	Joining of plastics – Code letters and abbreviations – Welding processes	5
DVS 2201-1 Supplement 1	(2004-10)	Testing of semi-finished products made of thermo-plastics; Basics – indications – Material and abbreviation	9
DVS 2201-1 Supplement 2	(2004-10)	Testing of semi-finished products made of thermo-plastics; Basics – indications – Directives for creep rupture curves of pipes	10
DVS 2201-1 Supplement 3	(2004-10)	Testing of semi-finished products made made of thermo-plastics; Basics – indications – Linear thermal expansion	11
DVS 2201-1 Supplement 4	(2004-10)	Testing of semi-finished products made of thermo-plastics; Basics – indications – Dimension stability of semi-finished material after heating	12
DVS 2202	(2016-08)*	Evaluation of joints between thermoplastics on piping parts and panels – characteristics, description, evaluation	13
DVS 2202 Supplement 1	(2014-11)	Evaluation of imperfections in joints of thermoplastic materials to piping parts and panels – heated plate welding (HS, IR)	21
DVS 2202 Supplement 2	(2012-11)	Assessment of defects in joints between thermo-plastics on piping parts and panels – Sleeve welding with an incorporated heating element (HM)	26
DVS 2202 Supplement 3	(2012-11)	Assessment of defects in joints between thermo-plastics on piping parts and panels – Heated tool sleeve welding (HD)	31
DVS 2202 Supplement 4	(2016-08)*	Assessment of defects in joints between thermoplastics on piping parts and panels – Hot-gas welding with torch separate from filler rod, high-speed hot-gas welding (WF/WZ)	35

DVS 2202 Supplement 5	(2016-08)*	Assessment of defects in joints between thermoplastics on piping parts and panels – Hot-gas extrusion welding (WE)	43
DVS 2202 Supplement 6	(2017-04)*	Evaluation of joints made from thermoplastic-materials in pipeline components and panels Adhesive bonding of ABS/PVC-U/PVC-C	51
DVS 2203-1	(2003-01)	Testing of welded joints of thermoplastic sheets and pipes – Test methods – Requirements	58
DVS 2203-1 Supplement 1	(2010-08)	Testing of welded joints between panels and pipes made of thermoplastics – Requirements in the tensile test – Short-time tensile welding factor fz	60
DVS 2203-1 Supplement 2	(2014-05)	Testing of welded joints between panels and pipes made of thermoplastics – Requirements in the tensile creep test – Tensile creep welding factor fs	61
DVS 2203-1 Supplement 3	(2012-06)	Testing of welded joints between panels and pipes made of thermoplastics – Requirements in the technological bending test – Bending angle / bending path	62
DVS 2203-1 Supplement 4	(2008-11)*	Testing of welded joints between panels and pipes made of thermoplastics – Requirements on shear and peeling tests for sleeve welding with an incorporated electric heating element (HM) and heated tool sleeve welding (HD) on pipes and fittings	73
DVS 2203-2	(2010-08)	Testing of welded joints between panels and pipes made of thermoplastics – Tensile test	76
DVS 2203-2 Supplement 1	(2010-08)	Testing of welded joints between panels and pipes made of thermoplastics – Low-temperature tensile test	79
DVS 2203-3	(2011-04)	Testing of welded joints between panels and pipes made of thermoplastics – Tensile impact test	81
DVS 2203-4	(1997-07)	Testing of welded joints of thermoplastics plates and tubes – Tensile creep test	83
DVS 2203-4 Supplement 1	(2001-12)	Testing of welded joints of thermoplastic sheets and pipes – Tensile creep test – Testing of socket joints	87

DVS 2203-4 Supplement 2	(2016-09)*	Testing of welded joints of thermoplastic panels and pipes – Tensile creep test for resistance to slow crack growth in the full notch creep test (FNCT)	89
DVS 2203-4 Supplement 3	(2015-03)*	Testing of welded joints in thermoplastic panels and pipes - Tensile creep test - Checking the required tensile creep test weld strength reduction factor and the minimum service life of polyethylene welded joints (PE 80 and PE 100)	93
DVS 2203-4 Supplement 4	(2016-09)*	Testing of welded joints of thermoplastic panels and pipes – Tensile creep test for resistance to slow crack growth in the two notch creep test (2NCT)	113
DVS 2203-5	(1999-08)	Testing of welded joints of thermoplastics plates and tubes – Technological bend test	118
DVS 2203-6	(2008-01)*	Testing of joints between polymeric materials – Shear and peeling tests	121
DVS 2203-6 Supplement 1	(2016-08)*	Testing of joints between polymeric materials - Torsion shear test, radial peel test and linear shear test for sleeve welding with incorporated electric heating element and heated tool sleeve welded joints	123
DVS 2203-6 Supplement 2	(2008-01)	Testing of joints between polymeric materials – Testing of adhesive-bonded joints in the shear and peeling tests	133
DVS 2204-1	(2011-01)	Adhesive bonding of thermoplastics	136
DVS 2204-3	(2016-03)*	Adhesive bonding of thermoplastic pipes and pipe components – Acrylonitrile butadiene styrene (ABS)	147
DVS 2204-4	(2011-12)	Adhesive bonding of pipes and piping parts made of thermoplastics – Polyvinyl chloride (PVC-U)	157
DVS 2204-5	(2013-03)	Adhesive bonding of pipes and fittings made of thermo-plastics – Chlorinated polyvinyl chloride (PVC-C)	162
DVS 2205-1	(2015-01)	Calculation of tanks and apparatus made of thermo-plastics – Characteristic values	167
DVS 2205-1 Supplement 1	(2011-11)	Calculation of tanks and apparatus made of thermo-plastics – Characteristic values of the polyethylene material group	172

DVS 2205-1 Supplement 2	(2013-09)	Calculation of tanks and apparatus made of thermo-plastics – values of the polypropylene material group	184
DVS 2205-1 Supplement 3	(2013-09)	Calculation of tanks and apparatus made of thermo-plastics – Characteristic values of the polyvinyl chloride material group	197
DVS 2205-1 Supplement 4	(2013-09)	Calculation of tanks and apparatus made of thermo-plastics – Characteristic values of the fluoropolymer material group	205
DVS 2205-1 Supplement 5	(2013-09)	Calculation of tanks and apparatus made of thermo-plastics – Reduction coefficients in the case of a media influence	224
DVS 2205-1 Supplement 6	(2013-02)	Calculation of tanks and apparatus made of thermo-plastics – Welding factors	234
DVS 2205-1 Supplement 7	(2013-02)	Calculation of tanks and apparatus made of thermo-plastics – Application examples	235
DVS 2205-2	(2015-12)*	Calculation of tanks and apparatus made of thermoplastics – Vertical round, nonpressurised tanks	238
DVS 2205-2 Supplement 2	(2015-12)*	Calculation of tanks and apparatus made of thermoplastics – Vertical round, nonpressurised tanks – Tray collectors	269
DVS 2205-2 Supplement 3	(2015-12)*	Calculation of tanks and apparatus made of thermoplastics – Vertical round, nonpressurised tanks – Flat roofs	285
DVS 2205-2 Supplement 4	(2015-12)*	Calculation of tanks and apparatus made of thermoplastics – Vertical round, nonpressurised tanks – Flat base tanks in earthquake zones	296
DVS 2205-2 Supplement 5	(2015-12)*	Calculation of tanks and apparatus made of thermoplastics – Vertical, round nonpressurised tanks – Tanks with supporting frames in earthquake zones	315
DVS 2205-2 Supplement 6	(2015-12)*	Calculation of tanks and apparatus made of thermoplastics – Vertical round, nonpressurised tanks – Shell construction	331
DVS 2205-2 Supplement 7	(2015-12)*	Calculation of tanks and apparatus made of thermoplastics – Vertical round, nonpressurised tanks – Ring-supported conical base	337
DVS 2205-2 Supplement 8	(2015-12)*	Calculation of tanks and apparatus made of thermoplastics – Vertical round, nonpressurised tanks – Example for ring-supported conical base	349

DVS 2205-2 Supplement 9	(2015-12)*	Calculation of tanks and apparatus made of thermoplastics – Vertical round, nonpressurised tanks – parallel-supported sloping base ..	357
DVS 2205-2 Supplement 10	(2015-12)*	Calculation of tanks and apparatus made of thermoplastics – Vertical round, nonpressurised tanks – Example for parallel-supported sloping base	372
DVS 2205-4 Supplement	(1996-11)	Calculation of thermoplastic tanks and apparatus – Welded flanges, welded collars – Constructive details	381
DVS 2206	(2016-08)*	Non-destructive tests on tanks, apparatus and piping made of thermoplastics – Dimensional checking and visual inspection	384
DVS 2206-1	(2011-09)	Non-destructive tests on tanks, apparatus and piping made of thermoplastics – Dimensional checking and visual inspection	388
DVS 2206-2	(2015-09)*	Non-destructive testing on pressureless tanks and apparatus made of thermoplastic – Leak test	391
DVS 2206-4	(2011-09)	Non-destructive tests on tanks, apparatus and piping made of thermoplastics – Testing with electrical high voltage	396
DVS 2206-5	(2011-08)	Non-destructive tests on piping made of thermoplastics – Angle measurement on welded joints executed by means of sleeve welding with an incorporated heating element (HM) and heated tool sleeve welding (HD)	398
DVS 2207-1	(2015-09)*	Welding of thermoplastics – Heated element welding of pipes, piping parts and panels made out of polyethylene	400
DVS 2207-1 Supplement 1	(2005-12)*	Welding of thermoplastics – Heated tool welding of pipes made of PE-Xa with pipeline components made of PE-HD	424
DVS 2207-1 Supplement 2	(2013-08)	Heated tool butt welding of pipes and piping parts with high wall thicknesses or diameters made of PE	429
DVS 2207-3	(2018-07)*	Welding thermoplastic materials Hot-gas string-bead welding, hot-gas welding with torch separate from filler rod pipes, pipe components and sheets – Procedures, requirement	431

DVS 2207-3 Supplement 1	(2018-07)*	Welding thermoplastic materials Hot-gas string-bead welding, hot-gas welding with torch separate from filler rod – Welding parameters	450
DVS 2207-3 Supplement 2	(2018-07)*	Welding thermoplastic materials Hot-gas string-bead welding, hot-gas welding with torch separate from filler rod – Require- ments for the welding equipment and accessories	452
DVS 2207-3 Supplement 3	(2018-07)*	Welding thermoplastic materials Hot-gas string-bead welding, hot-gas welding with torch separate from filler rod – Welding of fluoroplastics	458
DVS 2207-4	(2018-07)*	Welding thermoplastic materials Extrusion welding of pipes, piping parts, fittings and panels – Procedures, require- ments	470
DVS 2207-4 Supplement 1	(2018-07)*	Welding thermoplastic materials Extrusion welding of pipes, piping parts, fit- tings and panels – Welding parameters	491
DVS 2207-4 Supplement 2	(2018-07)*	Welding thermoplastic materials Extrusion welding of pipes, piping parts, fit- tings and panels – Requirements for the wel- ding machines and welding equipment	493
DVS 2207-5	(2017-02)*	Welding thermoplastic materials Welding PE casing pipes – Pipes and piping parts –	499
DVS 2207-5 Supplement 1	(2017-02)*	Welding thermoplastic materials Welding PE casing pipes – Plug welding on PE casing pipes –	515
DVS 2207-5 Supplement 2	(2017-02)*	Welding thermoplastic materials – Testing and assessing welded joints in PE casing pipes	527
DVS 2207-6	(2003-09)	Welding of thermoplastics – Non-contact hea- ted tool butt welding of pipes, pipeline com- ponents and sheets – Methods, equipment, parameters	536
DVS 2207-11	(2017-02)*	Welding thermoplastic materials Heated element welding of pipes, piping parts and panels made of PP	544
DVS 2207-12	(2006-12)*	Welding of thermoplastics – Heated tool wel- ding of pipes, piping parts and panels made of PVC-U	565

DVS 2207-13	(2012-11)	Welding of thermoplastics – Heated tool welding of pipes, piping parts and panels made of PVC-C	572
DVS 2207-14	(2009-04)	Welding of thermoplastics – Welding by bending using a heated tool for panels made of PP and PE	579
DVS 2207-15	(2005-12)*	Welding of thermoplastics – Heated tool welding of pipes, piping parts and panels made of PVDF	584
DVS 2207-16	(2010-07)	Welding of thermoplastics – Heated tool welding of pipes and piping parts made of Polyamide 12	594
DVS 2208-1	(2007-03)*	Welding of thermoplastics – Machines and devices for the heated tool welding of pipes, piping parts and panels	602
DVS 2208-1 Supplement 1	(2012-02)	Welding of thermoplastics – Tools and devices for the heated tool welding of pipes and piping parts	616
DVS 2210-1	(1997-04)	Industrial Pipelines Made of Thermoplastics – Planning and Execution, Above-Ground Pipe Systems	618
DVS 2210-1 Supplement 1	(2003-04)	Industrial piping made of thermoplastics – Design and execution, Above-ground pipe systems – Calculation example	652
DVS 2210-1 Supplement 2	(2004-07)	Industrial piping made of thermoplastics – Design and execution, Above-ground pipe systems – Recommendations for the internal pressure and leak tests	661
DVS 2210-1 Supplement 3	(2006-05)	Industrial piping made of thermoplastics – Design and execution, Above-ground pipe systems – Flanged joints: Description, requirements and assembly	672
DVS 2210-2	(2007-10)	Industrial piping made of thermoplastics – Design, structure and installation of two-pipe systems	679
DVS 2210-3	(2014-11)	Industrial pipelines made of thermoplastics – Planning and installation – Underground pipe systems	705
DVS 2211	(2005-04)*	Welding of thermoplastics – Welding fillers – Marking, requirements and tests	721
DVS 2212-1	(2015-12)*	Qualification testing of plastics welders Qualification Test Groups I and II	725

DVS 2212-1 Supplement 1	(2006-05)*	Qualification testing of plastics welders – Qualification Test Groups I and II – Planned monitoring of the certified plastics welders according to DVS 2212-1	745
DVS 2212-3	(1994-10)	Testing of plastics welders – Examination Group III – Lining membranes in geotechnical and hydraulic engineering	747
DVS 2212-4	(2013-06)	Qualification testing of plastics welders; welding of PE casing pipes – Pipes and piping parts	763
DVS 2213	(2010-12)	Specialist for plastics welding	773
DVS 2213 Supplement 1	(2010-12)	Qualification testing regulations for the qualification test to become a specialist for plastics welding	775
DVS 2215-1	(2010-09)	Heated tool welding of mouldings made of thermo-plastics in series fabrication	777
DVS 2215-2	(1996-11)	Hot plate welding of mouldings made of polyolefins (PE, PP) in volume production	788
DVS 2215-3	(1999-04)	Hot plate welding of mouldings made from amorphous thermoplastics in volume production	800
DVS 2215-3 Supplement 1	(1999-04)	Hot plate welding of mouldings made from amorphous thermoplastics in volume production – Welding parameters for amorphous thermoplastics and blends	807
DVS 2216-1	(2018-01)*	Ultrasonic joining of moulded components and semi-finished products of thermoplastic materials in large-scale production – process description, machines and equipment, variables, design, quality assurance	814
DVS 2216-1 Supplement 1	(2005-09)*	DVS test specimens with an energy director for the ultrasonic welding of thermoplastics and testing conditions	854
DVS 2216-2	(2012-07)	Guide to the project sequence for the joining of thermoplastics in series fabrication	857
DVS 2216-3	(2017-09)*	Ultrasonic joining of moulded components and semi-finished products of thermoplastic materials in large-scale production – Riveting and beading by shaping with ultrasound	863
DVS 2216-3 Supplement 1	(2018-01)*	Rivet test piece with adjustable rivet pin geometry for ultrasonic riveting of thermoplastics and test conditions	873

DVS 2216-4	(1992-08)	Ultrasonic joining of moulded parts and semi-finished parts of thermoplastic polymers in mass production – Insertion of metal parts and other materials with ultrasonic	879
DVS 2216-5	(2018-01)*	Ultrasonic joining of moulded components made from thermoplastics in series production – sonotrode ultrasonic tool	881
DVS 2216-6	(2013-12)	Ultrasonic joining of mouldings and semi-finished products made of amorphous thermoplastics in series fabrication	897
DVS 2217	(2018-05)	Vibration welding of plastic – Complex snap-fit systems	909
DVS 2217-1	(1999-03)	Vibration welding of mouldings and semi-finished products made of thermoplastic polymers in series production	937
DVS 2217-2	(2002-12)	Vibration welding of mouldings and semi-finished products made of thermoplastic polymers in series production: Mouldings made of polyamides	946
DVS 2218-1	(2010-06)	Welding of thermoplastics in series fabrication – Rotational friction welding – Installations, procedures and characteristics	950
DVS 2218-2	(2003-04)*	Welding of thermoplastics in series fabrication – Rotational friction welding of mouldings made of polyolefins (PE and PP)	955
DVS 2218-3	(2006-04)*	Welding of thermoplastics in series fabrication – Rotational friction welding of mouldings and semi-finished products made of polyamides (PAs)	962
DVS 2219-1	(2005-04)*	High-frequency joining of thermoplastics in series fabrication	967
DVS 2219-2	(2005-04)*	Thermocontact welding of thermoplastic films (polyolefins)	973
DVS 2220	(2011-05)	Qualification testing of plastics laminators and adhesive bonders – Laminates as well as laminate and adhesive-bonded joints between GFRPs (UP-GF and EP-GF)	979
DVS 2220 Supplement 1	(2011-05)	Qualification testing of plastics laminators and adhesive bonders – Fabrication of Test Piece I.1/II.1 – Joint for a pipe nozzle in a panel	986
DVS 2220 Supplement 2	(2011-05)	Qualification testing of plastics laminators and adhesive bonders – Fabrication of Test Piece II.2 – Building up a new laminate	988

DVS 2221	(2010-12)	Qualification testing of plastics adhesive bonders – Pipe joints between PVC-U, PVC-C and ABS with solvent-based adhesives	990
DVS 2225-1	(2016-09)*	Welding of lining membranes of polymer materials in geotechnical and hydraulic engineering	997
DVS 2225-2	(1992-08)	Joining of lining membranes – Made of polymer materials in geotechnical and hydraulic engineering – Site testing	1011
DVS 2225-3	(2016-09)*	Welding of lining membranes made of polyethylene(PE) for the protection of groundwater	1021
DVS 2225-4	(2016-09)*	Welding of lining membranes made of polyethylene (PE) for the sealing of landfill and contaminated sites	1046
DVS 2225-5	(2016-09)*	Welding of lining membranes of thermoplastic materials for tunnel construction	1075
DVS 2226-1	(2000-09)	Testing of fused joints on liners of polymer materials – Testing procedure, requirements ..	1095
DVS 2226-2	(1997-07)	Testing of fused joints on liners of polymer materials – Lap shear test	1097
DVS 2226-3	(1997-07)	Test of fusions on PE liners – Peeling test	1099
DVS 2226-4	(2000-11)	Testing of fused joints on liners of polymer materials – Tensile creep test on PE	1101
DVS 2227-1	(2004-08)*	Welding of semi-finished products made of high-density polyethylene (PE-HD) for the sealing of concrete structures in the field of ground water protection and for corrosion protection	1105
DVS 2230-1	(2003-07)	Welding of plastic series parts – Quality assurance and testing	1125
DVS 2231	(2008-12)*	Above-ground tanks, apparatus and piping made of thermoplastics – Guide to quality assurance	1145
DVS 2240-1	(2005-05)*	Thread inserts for the joining of mouldings made of plastics	1148
DVS 2241-1	(2018-06)*	Self-tapping screw connection of components made from thermoplastics	1155

DVS 2241-1 Supplement 1	(2007-10)*	Examples – Direct screwing of mouldings made of plastics and additional elements for thin-walled components	1174
DVS 2242-1	(2011-04)	Mechanical joining of plastic components – Snap joints	1181
DVS 2242-1 Supplement 1	(2011-04)	Mechanical joining of plastic components – Snap joints – Examples	1189
DVS 2242-1 Supplement 2	(2018-05)*	Mechanical joining of moulded and semi-finished components made of thermoplastics in series production	1195
DVS 2280	(2010-12)	DVS® foundation course about the processing of semi-finished products made of thermoplastics	1203
DVS 2281	(2004-09)	DVS® course for plastics welders in Qualification Test Group I	1205
DVS 2282	(2004-09)	DVS® course for plastics welders in Qualification Test Group II	1207
DVS 2283	(2009-11)	DVS® course for plastics welders in Qualification Test Group III	1209
DVS 2284	(2004-09)	DVS® course for plastics welders – PE shell pipes; Preparation for the welder qualification test according to the DVS® 2212-4 guideline ..	1211
DVS 2290	(2012-04)	DVS® course for plastics laminators and adhesive bonders	1213
DVS 2291	(2010-12)	DVS® course for plastics adhesive bonders for pipe joints between PVC-U, PVC-C and ABS with solvent-based adhesives	1215

The dates indicate are the publication dates of the German editions.

* Publication date of the English edition differs from the German edition.
